Re: Hyperion Communications of Tennessee, L.P., Docket No. 98-00732

Dear Mr. Waddell:

On September 15, 1999, at a regularly scheduled public meeting, the TRA voted to certify Hyperion as a competing telecommunications service provider. Hyperion has contacted the National Exchange Carrier Association (NECA) to obtain various codes necessary to provision its services, such as its operating company number (OCN). NECA has told Hyperion that NECA will provide Hyperion with these codes as soon as the Executive Director sends a letter stating that the TRA has voted to approve Hyperion's CLEC application.

I am enclosing on a disk a sample letter to that effect. Hyperion would appreciate it if you, as the keeper of the "full and correct record[s] of all the proceedings and transactions of the authority," see T.C.A. § 65-1-209(2), would sign such a letter and fax it to Phillip Fraga at Hyperion (412-220-5162) so that Hyperion can begin serving customers in Tennessee as soon as possible. If you have any questions concerning this matter, please give me a call.

Very truly yours,
